

# A MESSAGE FROM EVAN

These are UNPRECEDENTED TIMES that we are experiencing, and after a long and hard talk amongst ourselves about navigating through this, we will remain open, but not quite as usual.....

A few changes that we will be making are:

- (1) We will be limiting the number of customers in the store at any given time
- (2) We will be opening our second entrance to become the 'IN' door, with the South entrance becoming the 'OUT' door
- (3) Upon entering you will be greeted by someone at the door who will ask a few screening questions, to be certain that you are feeling well and haven't been travelling
- (4) Our staff will be wearing gloves and masks, and we will provide gloves to all, upon entry. Please do not remove the gloves until shopping is complete.
- (5) Until further notice, the customer washroom will be closed (plan ahead please)
- (6) We will continue with pick-up curb side service but our system will change a wee bit. We will set up the 5 parking spots to the South of the store for pick-up only, and we will number the spots. When you pull in, note the spot number and call. We will then bring the goods out to you.
- (7) Local home delivery is also available at no charge on orders of \$150.00 or more, with a nominal charge for smaller orders, while pick-up orders will be assembled and prepared for you at no-charge. If you would like to take advantage of our pick-up/home delivery service, please give us a call at (905) 940-0655 to arrange. Please have a "Plan B" and keep an open mind as some items have become limited/out of stock.

There will most likely be a few shortages in the store, and I see some produce prices have taken a jump, but mostly things are calm. We consider it an honour that you would trust us with your orders, and you have my word that we will deliver the best that we have. We have been blessed with the most loyal clientele and staff that any store could wish for, and Cathy and I, and our staff, ask your patience and forbearance as we move along this road. I believe that we will prevail, and as Karen and Linda just told me, we still have to live our BEST LIVES! - Evan Mac Donald

**\* NEW TEMPORARY STORE HOURS: 9:00 AM - 6:00 PM DAILY \***
